

## ***NEW SDS-R PORTAL WEBSITE LAUNCHED***

The SDS-R Portal is the first REACH friendly tool for Plastics Recyclers. It gives Recyclers access to tailor-made Safety Data Sheets (SDS) based on information on their waste input and allowing them to comply with REACH obligations by:

- Providing SDS to customers (Art. 31 & Art. 32 of REACH)
- Gaining access to the virgin SDS to qualify for exemption from registration (Art. 2.7.D)

### ***The new website has many advantages including:***

- User-friendly interface
- Regularly updated SDS
- SDS available in 7 EU languages
- SDS made to be compatible with various production sites
- Guidance document with instructions for use of the tool and details on risk management procedures
- Special waste cases will be examined by the SDS-R team to produce your specific SDS (subject to additional consulting fees)

## ***This user-friendly tool takes only a few steps:***

You input details on your company and the type and concentration of substances used.

The tool calculates the details of your SDS.

Your SDS is ready to download!

***SDS that are not available in our database can be created upon request***
